The Stripe Dashboard is a central repository for your payout information. It displays your current balance, payout account, and any recent payouts you've received. This is also where you go to manage your payout accounts. You can access the Stripe Dashboard directly from KidKare.

1. From the menu to the left, click **Accounting**.
2. Click **Stripe Dashboard**. The Stripe Dashboard opens in a new window. This dashboard is divided into two tabs: **Payouts** and **Account**.
